Overall Length:

3.000 inches

Overall Width:

3.000 inches

Mounting Hole Type:

Plain

End Application:

F/a-22 raptor

Product Name:

Bracket-outbd mlg door

Special Features:

Rname submitted for cataloging-bracket; item has holes of vasrying diameters; 1 hole has diameter of 0.724 to 0.744 in.; another hole has diameter of 0.568 to 0.588 in.; there 2 additional places which indicate hole diameter of 0.138 in.

Material:

Aluminum alloy 7075

Material Specification:

Qq-a-250/12 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A042a0
