End Application:

F-22 raptor

Product Name:

Wire support, elastomeric block

Special Features:

Used on wing leading edge

Supplementary Features:

Length: 1.7230, width: .750, diameter of holes: .8125, .9158

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A105a0
