Overall Length:

20.700 inches

Overall Height:

10.250 inches

Mounting Hole Diameter:

0.750 inches

Mounting Hole Quantity:

4

Mounting Hole Type:

Counterbored

End Application:

Used with the digital topographical support system

Product Name:

Cross beam lifting mechanism

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A042a0
