Tongue Hole Type:

Round, unthreaded

End Application:

F-22 raptor

Special Features:

Item is blue in color, steel gauge 0, 032 and has rubbe (fluorosilicone) cushion per adel fasteners 7019

Material:

Steel band

Surface Treatment:

Paint band

Surface Treatment Specification:

Ams-r-25988 assn standard single treatment response band

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A12700
