**Tongue Hole Type:**

Round, unthreaded

**End Application:**

F-22 raptor

**Special Features:**

Item is blue in color, steel gauge 0, 032 and has rubbe (fluorosilicone) cushion per adel fasteners 7019

**Material:**

Steel band

**Surface Treatment:**

Paint band

**Surface Treatment Specification:**

Ams-r-25988 assn standard single treatment response band

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A12700
