Mounting Hole Quantity:

5

Overall Thickness:

0.375 inches

Mounting Method:

Unthreaded mounting holes

Special Features:

Two mounting holes along each length measures 8.000 inches apart and the two along width measures 4.500 inches apart; the diameter of each is 0.404 inches; one larger hole measures 2.12 inches in diameter and located on one end

Material:

Plastic

Shape:

Oval

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A514c0
