Overall Length:

3.500 inches

Overall Width:

3.500 inches

End Application:

Used on a linear valve on the seawolf class ssn

Supporting Object/surface Attachment Method:

Four 0.575 mounting holes in each of 4 corners of the 3.500 inch by 3.500 inch square mounting flange

Material:

Aluminum alloy, qq-a-225/8, alloy 6061

Material:

Aluminum alloy 6061

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T08100
