**Width:**

0.380 inches

**Thickness:**

0.380 inches

**End Application:**

Used in the capstain assembly

**Material Hardness Rating:**

68.0 rockwell b

**Product Name:**

Pinch roller assembly mounting plates

**Special Features:**

Must include items 3, 10 and 11 to have complete assembly

**Material:**

Nickel alloy 400

**Material Specification:**

Qq-n-281, class 1 federal specification single material response

**Shape:**

Rectangular

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A530d0
