**End Application:**

F/a-22 raptor

**Product Name:**

Base, hinge

**Special Features:**

15-5ph solution heat treated. Must meet class a ultrasonic inspection per mil-std-2154. Part of 5hg64002-211 assembly.

**Material:**

Stainless steel

**Material Specification:**

Sae-ams 5862 assn standard single material response

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A042a0

**Mil-std (military Standard):**

Mil-std-2154 spec.
