Width:

2.470 inches

Thickness:

0.250 inches

Length:

1.750 inches

Cushioning Material:

Rubber, synthetic

Support Method:

Frame

Support Material:

Steel

Special Features:

This item is to be bonded to item number 36 using adhesive; material document classification is military standard mil-prf-1149d, which has superseded mil-g-1149, type ii, cl-5; dur hardness rating is 65

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T141-e

Mil-std (military Standard):

Mil-prf-1149d spec.
