**Width:**

2.470 inches

**Thickness:**

0.250 inches

**Length:**

1.750 inches

**Cushioning Material:**

Rubber, synthetic

**Support Method:**

Frame

**Support Material:**

Steel

**Special Features:**

Hthis item is to be bonded to item number 36 using adhesive; material document classification is military standard mil-prf-1149d, which has superseded mil-g-1149, type ii, cl-5; dur hardness rating is 65

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

T141-e

**Mil-std (military Standard):**

Mil-prf-1149d spec.
