End Application:

E8 c joint stars aircraft

Mounting Facility Quantity:

2

Mounting Method:

Slot

Product Name:

Hook, support

Special Features:

This did not meet the requirements for ain hook, support. It is a hook assembly; closest ain is handle, hook

Material:

Steel comp 410 body

Material Specification:

Ams5505 assn standard single material response body

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A250a0
