**Body Outside Diameter:**

17.0 millimeters

**Body Height:**

16.0 millimeters

**End Application:**

Interim armored vehicle (iav), contractor logistics support (cls)

**Product Name:**

Splash cover

**Special Features:**

Material includes nut copper alloy with nickel plate surface treatment; splash cover silicone (vmq) elastomer; o-ring butadiene acrylonitril (bunan/nitrile/nbr) ; spring washer stainless steel type 301

**Material:**

Rubber silicone body

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A02000
