**Overall Width:**

9.53 millimeters

**End Application:**

Helicopter, sea lynx mk88a, fuselage, westland helicopters ltd

**Material Diameter:**

0.5 millimeters

**Center To Center Distance Between Loop And Mounting Hole:**

15.0 millimeters

**Distance From Loop Center To Tongue End:**

20.5 millimeters

**Loop Inside Diameter:**

3.2 millimeters

**Special Features:**

Insert material - silicone rubber, band finish - annealed

**Material:**

Stainless steel band

**Material Specification:**

Ams 5528 assn standard single material response band

**Style Designator:**

Single loop

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A12700
