Center To Center Distance Between Mounting Holes:

0.442 inches

End Application:

Weapons launch console enclosure, nssn class sub

Operational Direction:

Right-hand

Pawl Actuation Method:

Key

Knob Length:

0.345 inches

Product Name:

Lock assembly security

Special Features:

Type of tenon, brass; 7/16 cam lock

Style Designator:

Key

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A10600
