Overall Width:

0.500 inches

Material Thickness:

0.051 inches

End Application:

F/a-18e/f

Loop Length:

0.687 inches

Special Features:

Mfg name: clamp, loop-cushioned, elongated; cushion material neoprene; item has a wedge

Material:

Aluminum alloy

Style Designator:

Multiple loop

Supplementary Features:

The clamp can hold two wires; has 2 holes at .204 inches each

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A12700
