End Application:

Air command maneuvering instrumentation (acmi); p4rc

Product Name:

Band, forward hanger

Special Features:

2rows, 3 each of mounting holes: 6x0.260-0.261 through c'bored far side 0.437 - see drawing for depth and location; tighten screws to 10.000 pounds of torque

Material:

Steel, corrosion resisting

Material:

Stainless steel

Style Designator:

Solid ring

Supplementary Features:

Identical to us navy p/n 30003-1569518 except for radius dimension (0.020-0.025 on underside of counterbore) and hole locations

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T319-d
