Product Name:

Band, center hanger

Special Features:

2rows, 3 each of mounting holes: 6x0.260 through c'bored 0.437 - see drawing for depth and location; tighten screws to 10.000 lbs of torque

Material:

Steel, corrosion resisting

Material:

Stainless steel

Style Designator:

Solid ring

Supplementary Features:

Identical to us navy part number 30003-1569518 except for radius dimension (0.020 - 0.025 on underside of counter bore)

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T319-d
