Overall Width:

6.000 inches

Material Thickness:

0.900 inches

End Application:

Distributor w; part of 160-0653 installation ar-engine

Fastening Device Type:

Bolt and nut - full (high temperature)

Loop Inside Diameter:

6.000 millimeters

Style Designator:

T-bolt

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A12700
