Thread Direction:

Right-hand

Overall Length:

98.500 millimeters

Center To Center Distance Between Mounting Facilities Parallel To Length:

90.000 millimeters

End Application:

Jhmcs f-15lr

Mounting Facility Quantity:

2

Handle Clearance:

22.200 millimeters

Product Name:

Handle

Color:

Black

Material:

Aluminum alloy 6061

Material Specification:

Qq-a-250/11 federal specification single material response

Surface Treatment:

Anodize

Surface Treatment Specification:

Mil-a-8625 type 1, class 1 or 2 military specification single treatment response

Style Designator:

Rectangular

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A250a0

Mil-std (military Standard):

Mil-a-8625 spec.
