General Purpose Resilient Mount - Page 1 of 1

View Online at <https://aerobasegroup.com/nsn/5340-01-506-7145>

**Thread Size:**

3/8-16 all threaded portions

**Major Outside Diameter:**

2.000 inches

**End Application:**

Control panel

**Special Features:**

Cylindrical vibration isolator, thread size 3/8 - 16 inch, length 5/8 inch; maximum load sideways shear 55 pounds

**Height:**

1.625 inches

**Material:**

Steel inner member

**Style Designator:**

Round int. Threaded flanges

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A535s0
