Overall Length:

9.300 inches

Overall Height:

2.600 inches

Overall Width:

2.500 inches

Mounting Hole Quantity:

6

Special Features:

Material is 0.188 inches thick

Material:

Stainless steel

Material Specification:

Astm-a-276, class 304, cond a assn standard single material response

Surface Treatment:

Passivate

Surface Treatment Specification:

Qq-p-35, type vi or vii federal specification 1st treatment response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A042a0
