Overall Length:

9.840 inches

Overall Height:

5.875 inches

Mounting Hole Type:

Plain

End Application:

1f-15c-4-7

Product Name:

Bracket frame assembl (recorder bracket)

Special Features:

Assembly consists of 8 nut, sel-locking plate steel, p/n ms21059-3; 4 dbl mtg rails p/n 200315203-01; 2 single mtg rails p/n 200135203-03; 3 sm fwd rub strips a-d p/n 20031530-07; 3 lg fwd rub strip a-d p/n 200315230-11; 3 rear rub strip a-d p/n 200315230-13; 43 alum. Rivets p/n ms20470ad5-4; 16 flush alum rivets p/n ms20426ad3-3

Material:

Aluminum alloy 6061

Material Specification:

Qq-a-250/11 federal specification single material response

Surface Treatment:

Anodize

Surface Treatment Specification:

Mil-c-5541, cl 1a military standard single treatment response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A042a0

Mil-std (military Standard):

Mil-c-5541 spec.
