Material Thickness:

0.500 inches

Body Width:

84.000 inches

End Application:

Fais assembly per

Pin Center To Body Edge Distance:

3.000 inches

Material And Location:

Steel

Special Features:

Hinge, continuous has several mounting holes; but no tech. Data was available to determine how many material is stainless steel

Style Designator:

Butt

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A25100
