Overall Width:

0.500 inches

Material Thickness:

0.051 inches

End Application:

F/a-18e

Loop Length:

0.937 inches

Special Features:

Mfg name: clamp, loop-cushioned, elongated; cushion material is neopreme; holds 2 wires; has 2 holes each .204 inch diameter

Material:

Aluminum alloy

Style Designator:

Multiple loop

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A12700
