Overall Width:

0.500 inches

Material Thickness:

0.032 inches

End Application:

F/a18-e-f

Loop Width:

Between 0.422 inches and 0.452 inches

Loop Length:

Between 1.797 inches and 1.827 inches

Special Features:

Item previously called stud, snapslide fastener

Material:

Aluminum alloy

Material Specification:

Qq-a-250/5 federal specification single material response

Style Designator:

Rectangular

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A12700
