End Application:

Error detector

Features Provided:

Nut

Special Features:

Black; bond per hp16-165, type i, grb bond

Material:

Aluminum alloy

Material Specification:

Qq-a-250/11, tem 0 federal specification 1st material response

Surface Treatment:

Anodize

Surface Treatment Specification:

Mil-a-8625, type 2 military specification single treatment response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A042a0

Mil-std (military Standard):

Mil-a-8625 spec.
