Tread Pattern:

Directional ribbed tread

Overall Length:

2.000 inches

Outside Diameter:

2.000 inches

End Application:

Heavyweight t

Load Capacity:

75.0 pounds

Bearings:

Included

Bearing Type:

Delrin

Tread Width:

0.8125 inches

Soft Tread Feature:

Included

Axle Recess Diameter:

0.9375 inches

Special Features:

Wheel core bonded to hard rubber; temperature range - 30 degrees f to 150 degrees f; hardness 75 +/- shore a

Material:

Rubber

Material:

Rubber

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T307-v
