End Application:

Rq-4a

Material And Location:

Steel, forged plate

Surface Treatment And Location:

Zinc plated plate

Wheel Type:

Solid

Plate Style:

Rectangular

Wheel Bearing Type:

Roller

Special Features:

Black mold-on rubber (durometer 75a) wheels has capacity of 500 lbs ea.; plate size 4 x 5 x 1/4 in. Thk; bolt holes are 3 x 3 in. Center to center and slotted to 2 5/8 x 3 5/8 in.; swivel bearing: dbl ball w/machined raceways; bolt hole size is 3/8 in.; wheel diameter x width 8 x 2 in.; mounting height 10 1/8 in.; kingpin-3/4 in. Diameter nut and bolt; leg thickness 1/4 in.; axle 1n. Dia; item has grease fittings

Style Designator:

Swivel offset

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A25600
