End Application:

Bracket, mounting-initiation system component

Product Name:

Guide

Special Features:

Dimensions .063 in. X 2 in. X 4 in.

Material:

Aluminum

Material Specification:

Qq-a-250/11-t6 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A042a0
