Overall Length:

7.370 inches

Overall Height:

2.160 inches

Overall Width:

1.250 inches

Material Thickness:

0.310 inches

Mounting Hole Diameter:

Between 0.410 inches and 0.910 inches

End Application:

Bracket, pipe internal, lio

Hole Quantity:

2

Distance Between Hole Centers:

5.750 inches

Special Features:

Mounting holes are slotted; (1) additional hole, threaded (.375-16unc-2b), at top (center), irregular shape bracket.

Material:

Titanium alloy

Material Specification:

Mil-t-9046j, ti-6a-4v, eli, ab-2 military specification single material response

Style Designator:

Quadruple angle

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A042a0

Mil-std (military Standard):

Mil-t-9046j spec.
