Width:

1.050 inches

Thickness:

0.190 inches

Length:

10.650 inches

Mounting Hole Diameter:

0.196 inches all holes

Mounting Hole Quantity:

4

Mounting Hole Type:

Unthreaded

End Application:

Block iii rf

Mounting Configuration:

Centered 0.286 in. From length edge, 3.050 in. Apart and 0.750 in. From both width edges; countersunk 0.400 in. At 100 degrees; opposite length edge is only 0.075 in. Thick from 0.750 in. Of total width

Product Name:

Mounting clip

Material:

Steel comp 304

Material Specification:

Qq-s-766 federal specification single material response

Shape:

Rectangular

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A530d0
