Mounting Bracket - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/5340-01-522-7781

Mounting Hole Quantity:
5
End Application:
Ge f110 engine
Criticality Code Justification:
Agav
Product Name:
Support bracket
Special Features:
Drilled holes have nut plates attached. Material thickness is 0.080 inches
Material:
Nickel alloy
Material Specification:
Ams 5599 assn standard single material response
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
A042a0
