Overall Length:

2.228 inches

Overall Height:

0.700 inches

Overall Width:

1.250 inches

End Application:

Fes i/o node

Accessory Components And Quantity:

Screw 5

Special Features:

Block has 4 holes at 0.136 inches in diameter and 0.630 inches deep for inserting .164-32 unc-2bx50 screw; block has 1 through hole at 0.257 inches in diameter for .312-18 unc-2b screw

Material:

Stainless steel

Surface Treatment:

Passivate

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No
