**Overall Length:**

2.228 inches

**Overall Height:**

0.700 inches

**Overall Width:**

1.250 inches

**End Application:**

Fes i/o node

**Accessory Components And Quantity:**

Screw 5

**Special Features:**

Block has 4 holes at 0.136 inches in diameter and 0.630 inches deep for inserting .164-32 unc-2bx50 screw; block has 1 through hole at 0.257 inches in diameter for .312-18 unc-2b screw

**Material:**

Stainless steel

**Surface Treatment:**

Passivate

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No
