Overall Length:
2.228 inches
Overall Height:
0.700 inches
Overall Width:
1.250 inches
End Application:
Fes i/o node
Accessory Components And Quantity:
Screw 5
Special Features:
Block has 4 holes at 0.136 inches in diameter and 0.630 inches deep for inserting .164-32 unc-2bx50 screw; block has 1 through hole at
0.257 inches in diameter for .312-18 unc-2b screw
Material:
Stainless steel
Surface Treatment:
Passivate
Shelf Life:
N/a
Unit Of Measure:
-
Demilitarization:
No
