Width:

18.780 inches

Thickness:

0.500 inches

Length:

36.300 inches

Mounting Hole Diameter:

4.000 inches fourth hole

Mounting Hole Quantity:

18

Mounting Hole Type:

Unthreaded

Corner Radius:

0.500 inches

End Application:

Pylon structu

Product Name:

Aft bottom plate structure

Special Features:

Shape is tapered from 18.780 inches in width down to 6.000 inches in width; first 18 mounting holes are counstructed at 82 degrees x 0.781 inches in diameter; 2 sunk mounting holes 80-84 degrees at 0.500 inches in diameter.

Material:

Glass

Surface Treatment:

Plastic epoxy

Shape:

Flat

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A530d0
