Chamfer Length:

0.015 inches all ends

Overall Length:

46.700 inches

Chamfer Angle:

45.0 degrees all ends

Overall Diameter:

0.089 inches

Material:

Stainless steel

Material Specification:

Qq-w-423, form 1, condition b federal specification single material response

Surface Treatment:

Cadmium

Surface Treatment Specification:

Qq-p-416, type ii, class 2 federal specification single treatment response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A03100
