First Leg Length:

2.500 inches

Second Leg Length:

3.500 inches

End Application:

NSN:-23-500-1305

First Leg Thickness:

0.250 inches

Second Leg Thickness:

0.250 inches

First Leg Angle:

0.9 radians

Product Name:

Angle, stop

Material:

Aluminum alloy 6061

Material Specification:

Sae ams qq-a-250/11. 6061-t6 assn standard all material responses

Surface Treatment:

Anodize

Surface Treatment Specification:

Mil-std-171 military specification all treatment responses and mil-a-8625. Type ii military specification all treatment responses

Style Designator:

Angle

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A042a0

Mil-std (military Standard):

Mil-std-171 spec.
