Cross Sectional Shape:

Flat

Width:

4.650 inches

Edge Shape:

Rectangle, four holes

Length:

5.000 inches

Corner Radius:

0.130 inches

Body Thickness:

0.125 inches

Securing Device Type:

Threaded fastener

End Application:

2350-01-305-0028 m-109 series howitzer

Product Name:

Azimuth tachometer cover plate

Special Features:

All edges and corners to be free of burrs; mark iaw drawing

Material:

Aluminum alloy 6061

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A531c0
