**Cross Sectional Shape:**

Flat

**Width:**

4.650 inches

**Edge Shape:**

Rectangle, four holes

**Length:**

5.000 inches

**Corner Radius:**

0.130 inches

**Body Thickness:**

0.125 inches

**Securing Device Type:**

Threaded fastener

**End Application:**

2350-01-305-0028 m-109 series howitzer

**Product Name:**

Azimuth tachometer cover plate

**Special Features:**

All edges and corners to be free of burrs; mark iaw drawing

**Material:**

Aluminum alloy 6061

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A531c0
