End Application:

Rq-4a

Wheel Quantity:

2

Safe Operating Load Rating:

10000.0 pounds

Material And Location:

Aluminum alloy body

Wheel Bearing Type:

Roller

Swivel Bearing Type:

Roller

Special Features:

Foot actuated wheel lock, comes with hand crankable shaft for maximum height of 96 inches from lift ring hole to axle center

Style Designator:

Swivel offset

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A25600
