Diameter:

Between 43.9 millimeters and 59.6 millimeters

Action Type:

Spring

Operating Mechanism Location:

One side

Features Provided:

Pawl adjustability

Special Features:

Neoprene flange gasket

Material:

Stainless steel spring

Surface Treatment:

Passivate housing

Style Designator:

Tubular

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A10600
