Overall Height:

Between 0.874 inches and 0.876 inches

End Application:

Ssgn trident class

Product Name:

Sof access door assembly and details

Special Features:

Hole diameter .625/.626 inches, micro inches finish: material specification astm-a564

Material:

Stainless steel

General Description:

Surface finish 63 micro inches

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No
