Width:

3.770 inches

Thickness:

0.274 inches

Length:

5.594 inches

End Application:

Electronic warfare systems common to special electronics aircraft (an/apr-39 (v)2)

Criticality Code Justification:

Agav

Material:

Aluminum alloy 6061

Material Specification:

Qq-a-250/11 assn standard single material response

Surface Treatment:

Paint

Shape:

Irregular

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A530d0
