End Application:

Items with nuclear applications

Criticality Code Justification:

Agav

Product Name:

Component bracket

Special Features:

Class 304 anl

Material:

Stainless steel

Material Specification:

Qq-s-766 federal specification single material response

Surface Treatment:

Passivate

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A042a0
