**End Application:**

Items with nuclear applications

**Criticality Code Justification:**

Agav

**Product Name:**

Component bracket

**Special Features:**

Class 304 anl

**Material:**

Stainless steel

**Material Specification:**

Qq-s-766 federal specification single material response

**Surface Treatment:**

Passivate

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A042a0
