General Purpose Resilient Mount - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/5340-01-532-9614

End Application:
M939 fov
Special Features:
6two steel plates are molded within the polyurethane base for additional strength, the top plate is corrosion-resistant aluminum, the mount
measures 31/4 inch square x 1 3/8 inch height, deflection at load is 3/16 inch, max load is 6000 lbs
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
