Width:

19.750 inches

Thickness:

0.500 inches

Length:

29.000 inches

Mounting Hole Diameter:

0.625 inches all holes

Mounting Hole Quantity:

4

Mounting Hole Type:

Unthreaded

Corner Radius:

0.500 inches

Special Features:

Amounting holes counter bored to diam 1.250 x .326 deep. 21 other holes with a diam of .250-20 unc-2b. Metal stamp parts with navairsyscom part number, contractor cage code, and contract number.

Material:

Aluminum alloy 7075

Surface Treatment:

Anodize

Shape:

Rectangular w/rounded corners

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A530d0
