Width:

3.000 inches

Thickness:

0.125 inches

Length:

8.000 inches

Mounting Hole Diameter:

0.382 inches all holes and 0.391 inches all holes

Mounting Hole Quantity:

2

Mounting Hole Type:

Unthreaded

End Application:

Patriot guided missile system

Material:

Aluminum alloy 5052

Material Specification:

Qq-a-250/8, h32 federal specification single material response

Surface Treatment:

Chromate

Shape:

Rectangular w/rounded corners

Surface Treatment Specification:

Mil-c-5541, class 1a military specification single treatment response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A530d0

Mil-std (military Standard):

Mil-c-5541 spec.
